Dear Hugh

RE: Endorsement of Sydney Metro City & Southwest – Waterloo Integrated Station Development Construction Environmental Management Plan Revision G

Thank you for providing the following documents for Environmental Representative (ER) review and endorsement as required by the Condition of Approval A24 (d) (i) and C1 and C7 of the Sydney Metro City & Southwest project Chatswood to Sydenham (SSI – 15_7400 February, 2019).

- Sydney Metro City & Southwest – (Waterloo Integrated Station Development) - Construction Environmental Management Plan Revision G (CEMP RevG).

I have reviewed the Construction Environmental Management Plan (CEMP) which was prepared by John Holland Group. It presents the methodology, for management of environmental impacts associated with the establishment and operation of the project.

It is noted that comments by all reviewers have been addressed by John Holland to the satisfaction of each reviewer.

As an approved ER for the Sydney Metro City & Southwest project, I consider that CEMP is consistent with the requirements under the subject approvals and may be submitted to the Planning Secretary for approval

Yours sincerely

Peter Hatton
Environmental Representative – Sydney Metro – City and South West
