Ref: 170108(q) Sub-Plans Rev1.0 Minor Amend.

Dear Carolyn

RE: Approval of Minor Amendments to Waterloo ISD Sub-Plans HMP and GWMP Rev 1.0

Thank you for providing the following document for Environmental Representative (ER) review and approval as required by Conditions of Approval A24 (j) of the Sydney Metro City & Southwest project (SSI 15_7400).

- Waterloo ISD Heritage Management Plan (HMP) SMCSWSWL-JHG-SWL-EM-PLN-000004 Revision 1.0 dated 20th May 2021
- Waterloo ISD Groundwater Management Sub-Plan (GWMP) SMCSWSWL-JHG-SWL-EM-PLN-000006 Revision 1.0 dated 20th May 2021

The Sub-Plans were originally developed to address Conditions C3 of the project approval. Rev 1.0 amends the version of the Plan approved by the Secretary. The minor amendments include:

- a. Changes following Annual Review
- b. Updates to the list of approved Modifications to the Project Approval
- c. HMP – Grammatical updates
- d. GWMP – Inclusion of additional terms in the Glossary
- e. GWMP – Contaminated Land Management Strategy references updated
- f. GWMP – Further details regarding the Discharge Impact Assessment and determines site specific trigger values (SSTV)
- g. GWMP – Updated actions when trigger levels are exceeded to include SSTV

The above-listed amendments are considered to be ‘minor’ according to Condition of Approval A24 (j). The amendments do not trigger any additional CoAs or REMMs and are consistent with the planning approval. No additional significant risks have been identified as a result of the changes.

As an approved ER for the Sydney Metro City & Southwest project, I have reviewed and provided comment on this document and accordingly approve the amendment of the Plan for implementation.

Yours sincerely

George Kollias
Environmental Representative – Sydney Metro City and South West
